NOTE FROM THE TEACHER: All the items listed above are essential materials that we use in our classroom on a daily basis. Please, ensure that your student has all these items on the first day of school to facilitate our instructional and learning time. Also, I suggest that you label your students' materials with their name and last name; except for the materials that will be used in general. If you need support acquiring these materials, please let me know and with pleasure I can help you (we appreciate any donations). We really appreciate all your upcoming support to make this school year a successful one. Thank you! We appreciate all your donations!
